Secretary: Sue Drapp
Editor: Tim Noonan

CVR ANNUAL MEETING DETAILS

The CVR Annual Meeting will be January 26, at Jeff and Vicki Shutak's home on Palmer Road in Williamston. To get there, get off Exit 5 of I-89 and head east on Route 64. Palmer Road is the third road on the right (the road after Maloney Road), approximately 1 1/2 miles from the interstate. The house is a light brown, wood-finished home, and is the 2nd house on the left. We will get together for running/skiing at 2:00 p.m. The meeting will begin at 4:00. Eating will begin at around 6:00 p.m. This is a Potluck affair, so bring your favorite food.

Among other items, we will elect officers, decide dues, firm up the race schedule and decide the future of fun runs. Also, we need a new newsletter editor.

If you get lost, call the Shutaks at 433-6776. See you there!

C.V.R. MINUTES FOR NOVEMBER 1990

Picture it. Monday November 12. It's snowing. A lot. Phone rings and it's Darragh Ellerson to say she's not venturing off her hill for the meeting. Understandable. The meeting is supposed to be at Norm Robinson's house. Couldn't reach him over the weekend, better try again. Ah-ha the answering machine is on, sort of. Hmm. Must be they received a lot of phone messages over the weekend. The darn thing didn't even beep at me. It just hung up. Well, they probably went away for the long weekend. Try again later.

Later. Tim Noonan calls to say he'll walk over to Norm's if there is still a meeting. He can't reach Norm. Okay I'll try again as soon as I peel the apples for the apple crisp dessert.

5:15 p.m. Still no answer at Norm's. Better check with Sue Drapp. Hope she isn't planning to drive from Duxbury in this storm. Busy line. Apple crisp is ready for the oven.

5:30 p.m. still no answer at Norm's. Okay, so the snowstorm is delaying their return. Better check with Bob Murphy. He answers and with the wisdom of only a runner says, "No, I don't think I'll be there tonight. I just got back from my run and it's pretty bad out there." Runners will run through anything, but mess with driving, no way! Hey, at least he answered his phone.

5:45. No Norm at home. Boy, the apple crisp smells really good. But I guess Tim and I shouldn't break into Norm's. Meeting postponed.

One week later we met at my house without Sue who was helping her husband celebrate his birthday. Norm said the power outages rendered his answering machine inoperable and claims he arrived at home at 6:00p.m. He thought it was funny nobody called or showed up.

Nov. 19,1990 at McCarthy's. Those in attendance: Darragh Ellerson, Norm Robinson, Dana McCarthy, Bob Murphy, new member Chris Fortner, and Tim Noonan.

Juniper Hill: Bob Murphy is disappointed. He hoped for 30 runners. 7 runners participated. Quote,"we lost our shirts again." Bob and we are puzzled why so few runners race Juniper Hill. Let us know your reasons. The future of Juniper Hill will be low key, like a Fun Run. Certificates instead of prizes, refreshments and a reduced entry fee.

Leaf Peepers: Darragh received an official complaint about the half-marathon. She said the complaints were not C.V.R.'s fault. She will reply to the letter and plans to talk with those responsible for the problems. She said the addition of the 5K race was a success. 42 racers ran the 5K. ~~XXXXX~~ Almost 400 runners participated in both races.

- The dates for the 1991 races were set: May
- June 8 Capital City Stampede
- June 22 10-Miler
- August 3 Berlin Pond
- October 6 Leaf Peepers
- November 2 Juniper Hill

The Sub-Ultimate took a rest this year, (punishing little devil that it is). But fear not, Norm says he'll "revitalize" it for 1991, sometime.

Fun Runs have gone "pfft". We will discuss it further at the Annual Meeting. It appears however, we will ask the ~~WES~~ World newspaper to print the day, times, and place of our weekly gatherings. But there will no longer be monthly coordinators, time keeping, publishing the times, and water will be the responsibility of the individual runners.

Track runs and Cross Country frolics through Hubbard Park will continue as both Bob Murphy and Tim Noonan have agreed to coordinate them again.

- Annual Meeting: Date: January 26
- Place: Jeff and Vicki Shutack's house in Williamstown
- Time: 2:00 Run or Ski
- 4:00 Meeting
- 6:00 Pot Luck Eating

The agenda for the Annual Meeting will be mailed to members prior to the meeting.

Respectfully submitted,
Dana W. McCarthy,
Secretary.

ROAD RUNNERS CLUB OF AMERICA

Cold Weather Running

Damien Howell

Chairman of the RRCA Sports Medicine Committee

The onset of winter needn't bring a seasonal halt to a runner's enthusiasm or routines. Outdoor exercise in the winter can be a pleasurable experience. The major risk posed by running in subfreezing air is frostbite and minor irritations to the respiratory tract. With some minor precautions these risks can be eliminated.

1. Wear clothing in layers so that warm air can be trapped between the layers. Depending on the weather conditions, 2 to 4 layers on the trunk and 1 to 2 layers on the legs are appropriate. It is helpful if the outer layers have vents and zippers to allow excess heat to escape as you become warm. On windy days the outer layer should be of wind resistant material.
2. Clothing made of material which carries the sweat away from the body is best, like wool, silk, or "space age" synthetics like polypropylene or polyester. Avoid cotton as it tends to hold the sweat.
3. Hat and gloves are crucial as these regions of the body have a substantial role in the regulation of body temperature. Mittens tend to be warmer than gloves. On very cold days mittens worn over gloves are very effective. Stocking caps or ski masks are desirable. On very windy days goggles or eye glasses can provide additional protection.
4. The outer layer should be light colored and have reflective material if you are running during darker hours. Reflective material works only if there is a light source. Blaze orange becomes poorly visible brown at night. Light colored material is visible even without a strong light source. During snowy days dark colors provide visible contrast and attracts solar energy.
5. Pin to your clothes or shoes emergency identification, preferably of a waterproof material. Let someone know where you are going to run and when you expect to return. Do not run with headphones.
6. Plan your run so that you run into the wind during the beginning portions and with the wind behind you in the latter portions. Otherwise, built-up sweat may cause you to become too cold when you turn into the wind. Be alert when running in snowy, icy conditions particularly near vehicular traffic.
7. Avoid overdressing. Feel a bit underdressed and chilly as you start, knowing that later as you run in your layered environment the temperature will rise about 20°.

CHILDREN'S RUNNING--
A GUIDE FOR PARENTS AND KIDS

GIVE A CHILD A GIFT OF HEALTH AND FITNESS FOR CHRISTMAS AND 1991

Published in 1989 for both parents and children, the booklet answers numerous questions that will help kids enjoy the sport that so many adults have discovered over the years: How safe is running? What equipment do I need? Should I run alone or with a group? How far should I run? "Numerous studies have shown that children in the United States are unfit and sedentary, more apt to tune into TV than exercise. The RRCA published this booklet in the hopes that kids will try non competitive running and a tiny seed will be sown for the joy of this sport and the better health of our future generations," says Henley Gibble, RRCA Executive Director.

MOHAWK-HUDSON RIVER MARATHON
SCHENECTADY TO ALBANY, NY
28 OCTOBER 1990

Central Vermont was well represented at this year's running of the HMRRC Marathon. Billed as a low-key "runners'" marathon, it is exactly that. No frills, but a delightful, gently rolling to downhill course that is about 70% bike paths. Traffic control was excellent where the course crossed highways, and there was water about every two miles. Spectators like the course also, because of the many locations where access to the race route is easily obtained.

The race started in Schenectady's beautiful Central Park under threatening skies. Cold temperatures (low 40's) and a stiff headwind convinced all but the super-hardy that tight's were a good idea. After 6 miles of residential streets and a brief light rainfall, the runners entered a bikepath, where they remained until just before mile 18. The bikepath parallels the Mohawk River for much of its length, and is a great place to run. The cutoff for registration for this race is 400. It's easy to see that a larger crowd could tax the capacity of this bikepath, which in places gets quite narrow. After leaving the bikepath, the course wanders through Cohoes and eventually heads south, paralleling the Hudson River. On this day, that's where the going got tough. While on the bikepath along the Mohawk, we were pretty much sheltered, and the wind was not a factor. However, once we headed south, the wind was directly in our faces, and the mile splits began to lengthen. The last four miles were on bikepath again, and the race ended near the D&H building in Albany. Overall winners were Koichi Araki of Albany (originally of China) in 2:34:04, and Carol Hervey of Westerly, RI, in 3:06:27.

Results of local folks are as follows:

- 2:56:07 John Valentine (25th, 4th in 40-44 group)
- 3:00:20 Bob Murphy (40th, 1st in 50-54 group)
- 3:28:03 Jeff Shutak (134th, 16th in 45-49 group)
- 3:40:13 Duncan Robb (179th, 13th in 50-54 group)

This was Duncan's first marathon, and he did a terrific job under far from ideal running conditions!

JUNIPER HILL 12KM RACE
3 NOVEMBER 1990

On a beautiful day for running (65 degrees, cloudy), most apparently stayed home to rake leaves. That seems as good a reason as any for the light turnout at this year's running of the challenging Juniper Hill Race in Barre Town. Despite the small crowd, however, the race was a competitive one, and Ralph Cote of Winooski established a new course record of 44:21. Last year's winner, Bob Miller of Burlington, finished nearly a minute behind. Complete results follow.

Ralph Cote, Winooski, 29	44:21
Bob Miller, Burlington, 32	45:41
Tim Noonan, Montpelier, 34	47:40
Bob Murphy, Barre, 50	48:17
John Valentine, Northfield, 41	52:10
Ezzeddine Fatnassi, Burlington, 37	52:20

Special thanks go out to those volunteers who worked at the race. They included Darragh Ellerson, Paschal DeBlasio, Jo-Ann Beaudin DeBlasio, Shannon Murphy, Vicki Shutak, Jeff Shutak and Duncan Robb.

Lisa earned her points with 2nd place finishes at the Vermont City Marathon and the Montpelier 10-Miler. Moira Durnin, on the verge of turning master, held a solid third with strong performances at Capital City Stampede, Montpelier 10-Miler and the Leafpeepers Half Marathon.

ROAD RUNNERS CLUB OF AMERICA

DOES YOUR CITY OR COMMUNITY SUPPORT SPORTS? Thanks to a meeting with the national office of the President's Council on Physical fitness and Sports, we have an excellent guide on how to go about establishing a local council on physical fitness and sports. It will show you, step by step, how to approach your local government to get support for such a council. A local council on physical fitness, made up of influential citizens, can do much to advance fitness in its populace. It is a logical extension of the work your club does in running, and your club can be a leader in forming such a council. **If you would like a copy of this pamphlet, send a SASE to the RRCA office, and say "ATTN: Local Council booklet."**

RAILS TO TRAILS: Interested in having your club take an active part in the development of our railroad tracks to a nationwide network of trails? Tell your club members that they can join Rails to Trails Conservancy by sending \$18 (individual) or \$25 (family) to RTC, PO BOX 96582, Washington, DC, 20077-7560, or call (202) 797-5400.

SPECIAL OLYMPICS: The Special Olympics has a program called "Unified Sports," where distance runners (and other sports) integrate with individuals with mental retardation to compete with teams of similar age and ability. Unified Sports is an important program because it expands sports opportunities for athletes seeking new challenges. If you would like to know more about how your club can participate in this program, or to get more information on it, write to Special Olympics, International Headquarters, 1350 New York Ave., NW Suite 500, Washington, DC 20005, or call (202)628-3630.
