

Index to CVR Newsletters 1985 to 1989

This index is intended to improve users' access to information in the CVR newsletters. Most names are included, except for frequently repeated information (such as lists of officers, and frequently-repeated notices). Also excluded are contact names mentioned in scheduled race listings.

Note that in some instances when a name appears more than once on a given page it may be mentioned only once in the index. In addition to names, authored articles are listed under the author's name.

Topical entries are included, such as CVR meetings, race articles and race results, etc. Races by locality may be found under the locality (Example: races in Montpelier, Vt.) or by the race name itself.

The reference number indicates volume number, issue number and image number. For example, v7n6:5 would indicate that the information can be found in volume 7 (1986), issue number 6, image 5. Page numbering is not consistent for all issues. Therefore, image 5 may in some cases have a page number different from 5.
